

# Our Company

## Who We Are

Founded in 2000, Masergy delivers an innovative IT platform with customizable solutions and unmatched customer experience. We empower mid to large organizations to be more efficient, productive, and secure.

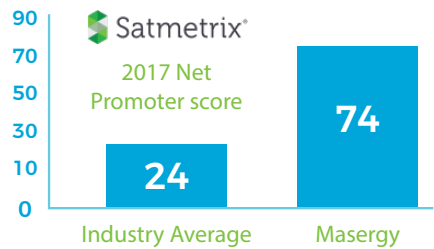

## What We Do

Whether enterprises want to seamlessly connect their corporate locations, secure their digital assets or enhance collaboration – with Masergy, the possibilities are endless.

## Why Customers Choose Masergy

Customers choose Masergy because of our groundbreaking innovations, game-changing technologies and unmatched customer service. We are doing more than transforming IT. We're forever changing what enterprises expect from their global service provider.
